

Vernon R. King, III

Having felt an earnest call to ministry since college, I have been preparing for both foreign missions and domestic church ministry through internship opportunities, academic study, voracious reading, intense dialog, and a foray into electronic publishing while simultaneously pursuing a career in software development. Although my primary focus has been church health, including church planting and church strengthening, I have also been gifted in personal counseling and have experience in adoption ministry. I hope to transition into vocational ministry upon completion of my M.Div.

I affirm the [Abstract of Principles](#), the [Baptist Faith and Message 2000](#), the [Chicago Statement on Biblical Inerrancy](#), and the [Danvers Statement on Biblical Manhood and Womanhood](#).
