

Vernon R. King, III

Having felt an earnest call to ministry since college, I have been preparing for both foreign missions and domestic church ministry through internship opportunities, academic study, voracious reading, intense dialog, and a foray into electronic publishing. While my primary focus has been church health, including church planting and church strengthening, I have been gifted in personal counseling and have experience in adoption ministry. I hope to transition into ministry prior to or upon graduation. I affirm the Abstract of Principles, the Baptist Faith and Message 2000, the Chicago Statement on Biblical Inerrancy, and the Danvers Statement on Biblical Manhood and Womanhood.
